## Varney's Midwifery

SIXTH EDITION

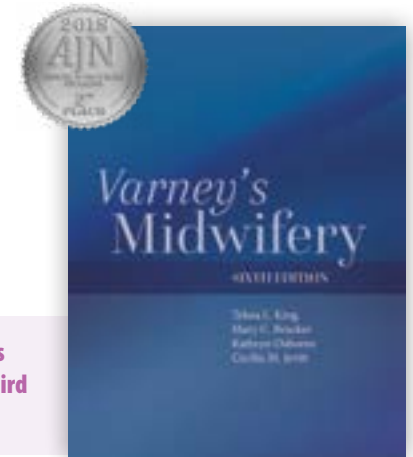

**Tekoa L. King**, CNM, MPH, FACNM  
**Mary C. Brucker**, CNM, PhD, FACNM

**Kathryn Osborne**, RN, CNM, PhD  
**Cecilia M. Jevitt**, CNM, PhD, FACNM

ISBN: 978-1-284-16021-5 | \$201.95\* | 1380 pages | © 2019

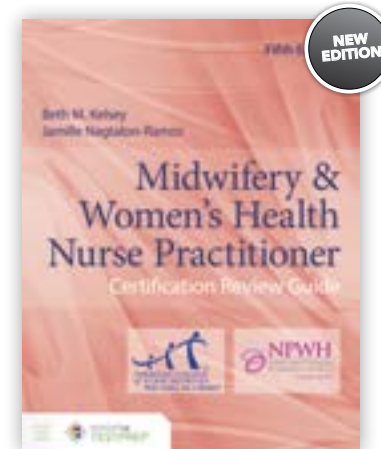

<http://go.jblearning.com/Varney>

**Awarded Second Place in the 2018 AJN Book of the Year Awards in Maternal – Child Health/Prenatal Nursing/Childbirth and Third Place in Advanced Practice Nursing categories!**

**Varney's Midwifery, Sixth Edition** is the gold standard for midwifery practice. Completely updated and revised, this text reflects current evidence-based guidelines. The *Sixth Edition* addresses care of women throughout the lifespan, including primary care, gynecology, maternity care in a variety of settings, and newborn care. It also provides new content on social determinants of health, the changing face of the population, and the population that midwives serve.

With chapters written by expert midwives with an emphasis on anatomy, physiology, and normal physiologic processes, this text assists students and midwives in providing healthcare services today. Chapter appendices present essential skills that are designed to help students, midwives, and international readers learn skills that are core components of midwifery practice. These critical skills are evidence-based and include insertion of contraceptive devices, hand maneuvers for birth, management of a fetus in a breech presentation, and steps for managing postpartum hemorrhage.

## Midwifery & Women's Health Nurse Practitioner Certification Review Guide

FIFTH EDITION

**INCLUDES NAVIGATE 2 TESTPREP ACCESS**

**Beth M. Kelsey**, EdD, APRN, WHNP-BC, FAANP  
**Jamille Nagtalon-Ramos**, EdD, WHNP-BC, IBCLC, FAANP

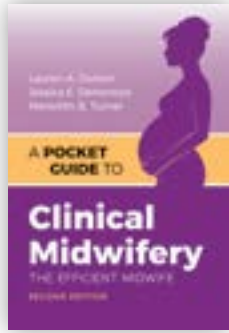

ISBN: 978-1-284-18309-2 | \$99.95\* | Paperback | 400 pages | © 2021

<http://go.jblearning.com/MWHNP>

**Midwifery & Women's Health Nurse Practitioner Certification Review Guide, Fifth Edition** is a comprehensive review designed to help midwives and women's health nurse practitioners prepare for their certification exams. Based on the American Midwifery Certification Board (AMCB) and the National Certification Corporation (NCC) test blueprints, it contains numerous questions with answers and rationales representing those found on the exams. The updated *Fifth Edition* incorporates expanded content on pharmacology, coverage related to LGBTQ+ individuals and racial minorities, more discussions of health disparities, and more practice questions and images throughout.

- Published in partnership with the American College of Nurse-Midwives (ACNM) and the National Association of Nurse Practitioners in Women's Health (NPWH)
- Every new print copy includes access to **Navigate 2 TestPrep** with practice and simulated tests, detailed rationales, and powerful data dashboards. Standalone access to **Navigate 2 TestPrep** is also available (ISBN: 978-1-284-18366-5).

Use Coupon Code **WOM20** when ordering to receive 25% off plus FREE shipping. Offer expires 12/31/2020.\*

## A Pocket Guide to Clinical Midwifery

*The Efficient Midwife*

SECOND EDITION

**Lauren A. Dutton**, CNM, MSN  
**Jessica E. Densmore**, CNM, MSN  
**Meredith Turner**, PhD, CNM

ISBN: 978-1-284-15281-4 | \$48.95\* | Paperback | 452 pages | © 2020

<http://go.jblearning.com/PGCM>

This convenient pocket guide is a must-have resource for midwives, women's health nurse practitioners, and all levels of healthcare providers working in the women's health field. Organized alphabetically for easy reference, it features important concepts, diagnostic tools, algorithms, and management options, including conventional, lifestyle, and complementary therapies, all in one place.

Take **A Pocket Guide to Clinical Midwifery: The Efficient Midwife** wherever you go with a new app. It contains exclusive content, calculators, and more!

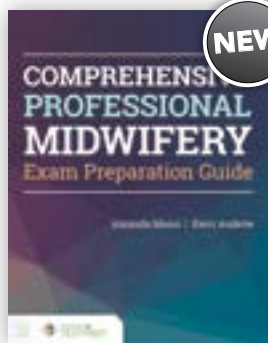

## Top 100 Drugs in Midwifery & Women's Health

**Heidi Collins Fantasia**, PhD, WHNP-BC, RN

ISBN: 978-1-284-18253-8 | \$19.95\* | Paperback | 298 pages | © 2021

<http://go.jblearning.com/Fantasia>

**Top 100 Drugs in Midwifery and Women's Health** is specifically designed for advanced practice nurses to accurately treat and prescribe for their patients across their lifespan, from obstetrics to gerontology. Comprehensive and convenient, this invaluable resource includes the hundred most common prescription drugs for midwives and nurse practitioners in an easy-to-reference format. Along with key information about each drug, details about the drug's use during pregnancy and lactation are included, as well as adolescent and elder use.

## Comprehensive Professional Midwifery Exam Preparation Guide

INCLUDES NAVIGATE 2 TESTPREP ACCESS

**Amanda Mann**, CPM  
**Kerri Audette**, CPM

ISBN: 978-1-284-17571-4 | \$74.95\* | Paperback | 150 pages | © 2022

Available Winter 2020/2021

<http://go.jblearning.com/Mann>

**Comprehensive Professional Midwifery Exam Preparation Guide** is a unique resource for student midwives and graduate midwives who are seeking to take the North American Registry of Midwives (NARM) exam as either a Certified Professional Midwifery candidate or as a state agency candidate. It addresses all learning competencies for the exam in a practical, accessible way using current content, case studies, memory mnemonics and other study resources.

This invaluable guide is arranged in a logical, sequential manner and is cross-referenced with the NARM Candidate Information Booklet's reference list and written test specifications. In addition, this book summarizes the look and feel of the exam, the types of questions that will be asked, and tips for test-taking that are researched and aligned with current assessment recommendations.

## Gynecologic Health Care

*With an Introduction to Prenatal and Postpartum Care*

FOURTH EDITION

**Kerri Durnell Schuling**, PhD, NP-BC, CNM, FACNM, FAAN  
**Frances E. Likis**, DrPH, NP-BC, CNM, FACNM, FAAN

ISBN: 978-1-284-18234-7 | \$119.95\* | Paperback | 500 pages | © 2022

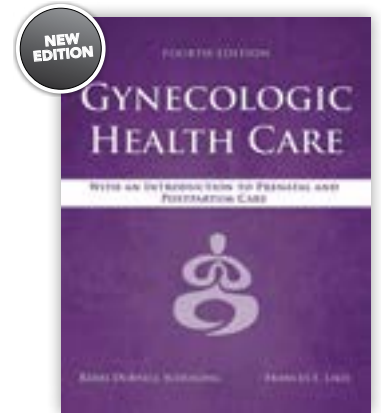

Available September 2020

<http://go.jblearning.com/Schuling>

**Gynecologic Health Care: With an Introduction to Prenatal and Postpartum Care, Fourth Edition** is a trusted, comprehensive, and evidence-

based text that presents women's gynecologic health from a woman-centered and holistic viewpoint. Encompassing both health promotion and management of gynecologic conditions, it provides clinicians and students with a strong foundation in gynecologic care and the knowledge necessary to apply it in clinical practice. With an emphasis on the importance of respecting the normalcy of female physiology, it is an essential reference for all women's healthcare providers.

The *Fourth Edition* includes three new chapters on racism and health disparities, men's sexual and reproductive health, and preconception care, including preconception counseling and the significant risks of unintended pregnancies. Thoughtfully updated and revised, it provides additional and expanded information on abnormal uterine bleeding, uterine fibroids, treatment of pyelo, pregnancy changes and monitoring, pre-eclampsia and eclampsia.

## Clinical Practice Guidelines for Midwifery & Women's Health

SIXTH EDITION

INCLUDES NAVIGATE 2 ESSENTIALS ACCESS

**Nell L. Tharpe**, CNM, CRNFA, FASCCP, MS, FACNM  
**Cindy L. Farley**, CNM, PhD, FACNM  
**Robin G. Jordan**, PhD, CNM, FACNM

ISBN: 978-1-284-19403-6 | \$133.95\* | Paperback | 800 pages | © 2022

Available October 2020

<http://go.jblearning.com/Tharpe>

**Clinical Practice Guidelines for Midwifery & Women's Health, Sixth Edition** is an accessible and easy-to-use quick reference guide for

midwives and women's healthcare providers. Completely updated and revised to reflect the changing clinical environment, it offers current evidence-based practice, updated approaches, and opportunities for midwifery leadership in every practice setting. Also included are integrative, alternative, and complementary therapies.

The *Sixth Edition* features expanded and updated information on a wide-variety of topics, such as sexual diversity and gender identity, hypertensive disorders of pregnancy and preeclampsia, physiologic labor and prevention of the primary cesarean, birth options and locations, assessing the fetus, the latest practice recommendations on delayed cord clamping and family-centered cesarean, and the Walcher and Tharpe maneuvers for management of shoulder dystocia.

Every new print copy includes an access code to **Navigate 2 Essentials** featuring the complete eBook. Standalone access is also available (ISBN: 978-1-284-21085-9).

## Pharmacology for Women's Health

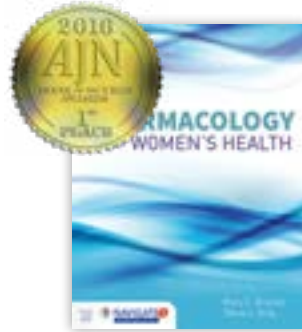

SECOND EDITION

INCLUDES NAVIGATE 2 ADVANTAGE ACCESS

Mary C. Brucker, CNM, PhD, FACNM

Tekoa L. King, CNM, MPH, FACNM

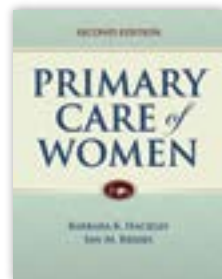

ISBN: 978-1-284-05748-5 | \$99.95\* | Paperback | 1212 pages | © 2017

<http://go.jblearning.com/PWH2>

**Awarded First Place in the 2016 AJN Book of the Year Awards in the Maternal-Child Health Category!**

**Pharmacology for Women's Health, Second Edition** is a unique text that discusses pharmacology as it specifically relates to women's health. It includes new pharmacological agents for common conditions, changes in indications, the use of vaccines, updated guidelines from the CDC for treatment of sexually transmitted infections, and the effects of the Affordable Care Act.

Every new print copy includes **Navigate 2 Advantage** access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. Standalone access to **Navigate 2 Advantage** is also available (ISBN: 978-1-284-07843-5).

## Primary Care of Women

SECOND EDITION

Barbara K. Hackley, RN, CNM, PhD

Jan M. Kriebs, CNM, MSN, FACNM

ISBN: 978-1-284-04597-0 | \$136.95\* | Hardcover | 1108 pages | © 2017

<http://go.jblearning.com/Hackley>

**Primary Care of Women, Second Edition** is an essential and easy-to-use resource for healthcare providers who offer primary care to women. Ideal for new and experienced clinicians, it focuses on the need to address women's health holistically. Each chapter begins by discussing common symptoms and how to evaluate them before moving on to diagnosis and management of the most common conditions seen in women. The *Second Edition* includes new chapters on sleep disorders, dental health, and complementary and alternative medicine. Also included is an increased focus on topics such as mental health and violence.

## New Dimensions in Women's Health

EIGHTH EDITION

INCLUDES NAVIGATE 2 ADVANTAGE ACCESS

Linda Lewis Alexander, PhD, FAAN

Helaine Bader, MPH

William Alexander, MA

Susan Garfield, SM, MSC

Judith H. LaRosa, PhD, RN, FAAN

ISBN: 978-1-284-17841-8 | \$186.95\* | Paperback | 482 pages | © 2021

<http://go.jblearning.com/AlexanderWH>

The best-selling **New Dimensions in Women's Health, Eighth Edition** provides a modern look at the health of women of all cultures, races, ethnicities, socioeconomic backgrounds, and sexual orientations. Written for undergraduate students within health education, nursing, and women's studies programs, the text provides readers with the critical information needed to optimize their well-being, avoid illness and injury, and support their overall health. It offers in-depth coverage of important aspects of women's health and examines the contributing epidemiological, historical, psychosocial, cultural, ethical, legal, political, and economic influences.

## Ultrasound for Advanced Practitioners in Pregnancy and Women's Health

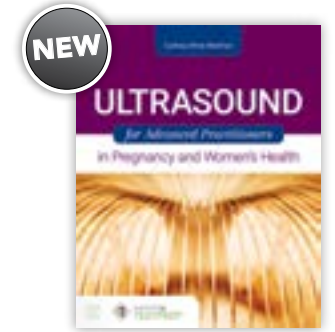

INCLUDES NAVIGATE 2 TESTPREP ACCESS

Cydney Afriat Menihan, CNM, MSN, RDMS

ISBN: 978-1-284-16845-7 | \$82.95\* | Paperback | 156 pages | © 2020

<http://go.jblearning.com/Menihan>

**Ultrasound for Advanced Practitioners in Pregnancy and Women's Health** is an indispensable resource for midwives, women's health nurse practitioners, OB/GYN physician assistants, nurses, and students. Using a scope of practice approach, it addresses specific clinical applications of ultrasound technology in all aspects of women's health care. Developed by an advanced practitioner for advanced practitioners, this text includes the basics of ultrasound technology, step-by-step illustrations, more than 100 ultrasound images, and study questions. It is also an ideal reference to prepare for the newly developed Midwife Sonography Certificate administered by the American Registry for Diagnostic Medical Sonography (ARDMS).

## Evidence-Based Sexual and Reproductive Health Care

*Policies, Clinical Procedures, and Related Research*

Theodora D. Kwansa, PhD, MEd, RN

Jill Stewart-Moore, PhD, MSc, RN

ISBN: 978-1-284-11494-2 | \$89.95\* | Paperback | 600 pages | © 2019

<http://go.jblearning.com/EBSRHC>

**Evidence-Based Sexual and Reproductive Health Care** embraces the concept of a multi-professional approach to clinical care excellence in sexual and reproductive health care. A comprehensive resource, it explores the complex nature of sexual health related issues, contemporary management interventions, and the underpinning theories and concepts. With contributions from leading experts from around the globe, the text features perspectives from a wide variety of fields, such as education, medicine, nursing, and the health professions.

## A Guide to Women's Health

SECOND EDITION

Tolu Oyelowo, DC, PhD

Judith Johnson, PhD, RN

ISBN: 978-1-284-07961-6 | \$58.95\* | Paperback | 646 pages | © 2018

<http://go.jblearning.com/GWH2E>

**A Guide to Women's Health, Second Edition** is a practical and multidisciplinary text that enables students and clinicians to identify and treat conditions quickly and effectively. A concise and easy-to-use quick reference, it offers evidence-based information on conventional, complementary, and alternative care choices for a wide-range of conditions affecting women. Updated to reflect current research findings and diagnostic approaches, the *Second Edition* explores the impact of culture, spirituality, and intimate partner violence on women's health. It also includes a chapter on vulnerable populations, such as recent immigrants, LGBTQ individuals, older adults, individuals with disabilities and mental illness, and non-English speakers.

## Women's Health Issues Across the Life Cycle

*A Quality of Life Perspective*

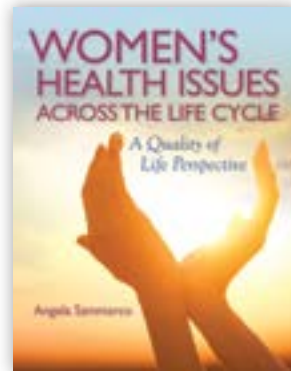

Angela Sammarco, PhD, RN

ISBN: 978-0-7637-7161-4 | \$96.95\* | Paperback | 544 pages | © 2017

<http://go.jblearning.com/WHIL>

### **Women's Health Issues Across the Life Cycle: A Quality of Life Perspective**

is a unique text that explores a wide variety of health issues and concerns for women to offer a holistic approach to care. Presented within a quality of life framework, it provides a women-centered perspective to explore the range of factors that can impact women's health and well-being throughout the major life stages. The first text of its kind, it examines the ways in which the physical, psychological, spiritual, socioeconomic, and family domains impact women's quality of life. It also offers current research specific to women's health, health promotion strategies and interventions, case studies, critical thinking questions, and Internet resources for more information.

## Care of the Well Newborn

B.J. Snell, PhD, CNM, FACNM, WHNP  
Sandra L. Gardner, RN, MS

ISBN: 978-1-284-09351-3 | \$88.95\* | Paperback | 378 pages | © 2017

<http://go.jblearning.com/CWNB>

**Care of the Well Newborn** is a unique text that focuses on care of the term newborn for the first month of life. Written by distinguished experts in the field, it teaches students and professionals how and what to assess in the care of the nonverbal newborn, while also providing criteria for recognizing deviations from normal and strategies for managing complications that arise. The first text of its kind, it provides easily accessible information on evidence-based neonatal care that follows current guidelines, standards, and recommendations.

## Maternal Newborn Nursing Care Plans

THIRD EDITION

Carol J. Green, PhD, CNS, RN, CNE

ISBN: 978-1-284-03853-8 | \$103.95\* | Paperback | 472 pages | © 2016

<http://go.jblearning.com/MNNCP3>

**Maternal Newborn Nursing Care Plans, Third Edition** teaches students and practicing nurses how to assess, plan, provide, and evaluate care for pregnancy, delivery, recovery, abnormal conditions, and newborn care. Featuring more than 65 of the most common and high-risk care plans for nursing care using the nursing process approach, it includes NIC interventions, discussions on collaborative problems, key nursing activities, signs and symptoms, and diagnostic studies. Using a progressive approach, the text begins with generic care plans that address all patient situations regardless of the patient diagnosis or condition before moving on to more complicated and specific care plans.

## Family Nurse Practitioner Certification Review

INCLUDES NAVIGATE 2 PREFERRED ACCESS

Julie G. Stewart, DNP, MPH, MSN, FNP-BC  
Nancy Dennert, MS, MSN, FNP-BC, CDE, BC-ADM

<http://go.jblearning.com/EFHRM3>

## Breastfeeding and Human Lactation

SIXTH EDITION

INCLUDES NAVIGATE 2 TESTPREP ACCESS

**Karen Wambach**, PhD, RN, IBCLC, FILCA, FAAN  
**Becky Spencer**, PhD, RN, IBCLC

ISBN: 978-1-284-15156-5 | \$133.95\* | Hardcover | 820 pages | © 2021

<http://go.jblearning.com/Wambach>

*“As a midwife and lactation care provider, I found this book to have a wealth of useful information for students and clinicians. . . [the book] provides a comprehensive view of lactation.”*

— Sascha James-Contereilli, DNP, CNM, FACNM, Yale School of Nursing for Doody’s Review Service

**Breastfeeding and Human Lactation, Sixth Edition** is the ultimate reference for the latest clinical techniques and research findings that direct evidence-based clinical practice and research for lactation consultants and specialists. It contains everything a nurse, lactation consultant, midwife, women’s health nurse practitioner, physician assistant, or Ob/Gyn needs to know about lactation care and science. Topics include placing breastfeeding in its historical context, workplace-related issues, anatomical and biological imperatives of lactation, the prenatal and perinatal periods and concerns during the postpartum period, the mother’s health, sociocultural issues, and more vital information.

With contributions from the foremost experts in the field, this leading resource contains a clear clinical focus with more than 2,000 research studies supporting the clinical recommendations found in the text. Furthermore, the updated *Sixth Edition* features new and additional case studies, expanded cultural content, inclusion of new regulations and guidelines, information on alternative medicine, and gender inclusive language.

**Breastfeeding and Human Lactation, Sixth Edition** is an excellent resource to prepare for certification and practice as an International Board Certified Lactation Consultant® (IBCLC®). The **Navigate 2 TestPrep** access code included with every new print copy unlocks access to practice and simulated tests, detailed rationales, and powerful data dashboards. Standalone access to **Navigate 2 TestPrep** is also available (ISBN: 978-1-284-18994-0).

### CONTENTS

#### Section 1: Historical and Work Perspectives

- Chapter 1: The International Board Certified Lactation Consultant® (IBCLC®) and the Healthcare Team
- Chapter 2: Breastfeeding and Lactation: Roots and Wings

#### Section 2: Anatomic and Biological Imperatives

- Chapter 3: Anatomy and Physiology of Lactation
- Chapter 4: The Composition and Specificity of Breastmilk
- Chapter 5: Drug Therapy and Breastfeeding
- Chapter 6: Viral Infections and Breastfeeding

#### Section 3: Prenatal, Perinatal, and Postnatal Periods

- Chapter 7: Perinatal and Intrapartum Care
- Chapter 8: Newborn Assessment
- Chapter 9: Postpartum Care
- Chapter 10: Breast-related Problems
- Chapter 11: Low Intake in the Breastfed Infant: Maternal and Infant Considerations

- Chapter 12: Jaundice and the Breastfed Baby
- Chapter 13: Breast Pumps and Other Technologies
- Chapter 14: The Use of Human Milk and Breastfeeding in the Neonatal Intensive Care Unit
- Chapter 15: Donor Milk Banking

#### Section 4: Beyond Postpartum

- Chapter 16: Maternal Nutrition and Breastfeeding
- Chapter 17: Women’s Health and Breastfeeding
- Chapter 18: Maternal Employment and Breastfeeding
- Chapter 19: Child Health
- Chapter 20: The Ill Child: Breastfeeding Implications

#### Section 5: Sociocultural and Research Issues

- Chapter 21: Research, Theory, and Lactation
- Chapter 22: Breastfeeding Education
- Chapter 23: The Cultural Context of Breastfeeding
- Chapter 24: The Familial and Social Context of Breastfeeding

## Core Curriculum for Interdisciplinary Lactation Care

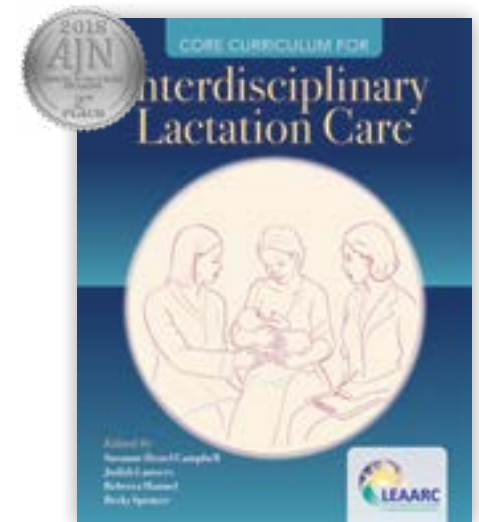

Lactation Education Accreditation and Approval Review Committee (LEAARC)

Edited by

**Suzanne Hetzel Campbell**, PhD, RN, IBCLC  
**Judith Lauwers**, BA, IBCLC, FILCA  
**Rebecca Mannel**, MPH, IBCLC, FILCA  
**Becky Spencer**, PhD, RN, IBCLC

ISBN: 978-1-284-11116-3 | \$100.95\* | Paperback | 538 pages | © 2019

<http://go.jblearning.com/LEAARC>

**Awarded Second Place in the 2018 AJN Book of the Year Awards in the Child Health category!**

**Core Curriculum for Interdisciplinary Lactation Care** provides a trustworthy source for lactation-specific information and education for students, interns, certification candidates, instructors, and clinicians—in any discipline or specialty—who provide care to breastfeeding families. Published in association with the Lactation Education Accreditation and Approval Review Committee (LEAARC), it complements the LEAARC curriculum used in recognition of lactation education programs. The text includes clinical applications that move from theory to practice, including key learning points, clinical case studies, and real-life stories from parents and the healthcare team.

## Comprehensive Lactation Consultant Exam Review

FOURTH EDITION

INCLUDES NAVIGATE 2 PREFERRED ACCESS

**Linda J. Smith**, MPH, FACCE, IBCLC, FILCA

ISBN: 978-1-284-06927-3 | \$115.95\* | 362 pages | © 2017

<http://go.jblearning.com/CLCER>

#### **Comprehensive Lactation Consultant Exam Review, Fourth Edition**

is an ideal reference to help prepare for the International Board of Lactation Consultant Examiners (IBLCE) certification examination. Completely updated and revised, the *Fourth Edition* follows the latest IBLCE Detailed Content Outline, contains more than 950 practice exam questions and answer rationales, more than 300 photos, more than 100 clinical exercises, and 20 actual clinical case studies.

- Organized around the mother–baby dyad’s development and poses questions unique to each stage
- Perfect for beginning lactation consultants and those re-certifying, as well as dietitians, childbirth educators, nurses, and breastfeeding counselors
- Every new print copy includes **Navigate 2 Preferred** access that unlocks a comprehensive and interactive eBook and Navigate 2 TestPrep. Standalone access to **Navigate 2 Preferred** is also available (ISBN: 978-1-284-06929-7).

## Counseling the Nursing Mother

*A Lactation Consultant's Guide*

SEVENTH EDITION

INCLUDES NAVIGATE 2 COMPANION WEBSITE ACCESS

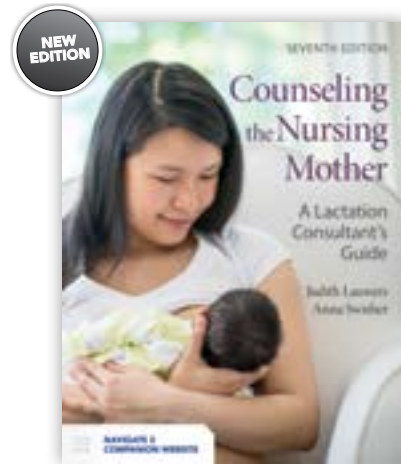

Judith Lauwers, BA, IBCLC, FILCA  
Anna Swisher, MBA, IBCLC

ISBN: 978-1-284-18001-5 | \$146.95\* | Paperback | 900 pages | © 2021  
Available July 2020

<http://go.jblearning.com/Lauwers>

Written from a teaching perspective, *Counseling the Nursing Mother: A Lactation Consultant's Guide, Seventh Edition* presents topics within a counseling framework with practical suggestions and evidence-based information interwoven throughout. Completely updated and revised, it includes new information on social media trends, blood sugar protocols, changes in Baby Friendly NICU and the Ten Steps, donor milk in the healthy newborn nursery and effect on exclusivity, and more timely and relevant topics. Expanded discussions on dominant culture, implicit bias, cultural humility, and health equity, as well as a more global focus of human lactation, make this new edition an invaluable resource for all lactation consultants.

- Serves as a significant teaching tool for students, interns, and other healthcare professionals
- An extensive glossary and bulleted lists at the end of each chapter make it an ideal study guide for International Board Certified Lactation Consultant (IBCLC) certification and practice
- Every new print copy includes an access code to the **Navigate 2 Companion Website** featuring additional content and study tools

## Breastfeeding Management for the Clinician

*Using the Evidence*

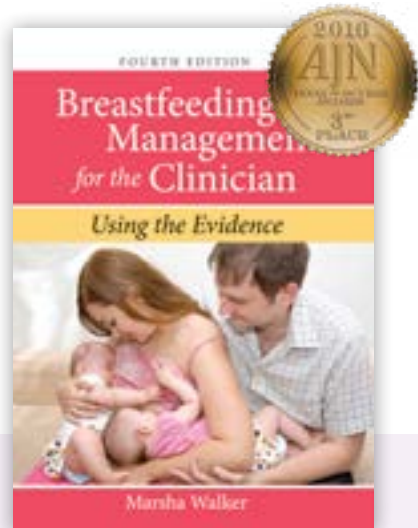

FOURTH EDITION

Marsha Walker, RN, IBCLC

ISBN: 978-1-284-09104-5 | \$79.95\* | Paperback | 700 pages | © 2017

<http://go.jblearning.com/BMC>

**Awarded Third Place in the 2016 AJN Book of the Year Awards in the Maternal-Child Health Category!**

*Breastfeeding Management for the Clinician: Using the Evidence, Fourth Edition* is an essential and practical reference guide for clinicians. Using a research-based approach, it includes literature reviews while covering incidence, etiology, risk factors, prevention, prognosis and implications, interventions, expected outcomes, care plans, and clinical algorithms.

- Problem-solving approach helps busy clinicians integrate the latest research into everyday clinical practice
- New discussion of the vitally important newborn gut microbiome
- Features new and more effective techniques for addressing breastfeeding barriers, new research, and the latest guidelines

## Lactation

*A Foundational Strategy for Health Promotion*

Suzanne Hetzel Campbell, PhD, RN, IBCLC

ISBN: 978-1-284-19716-7 | \$79.95\* | Paperback | 300 pages | © 2022

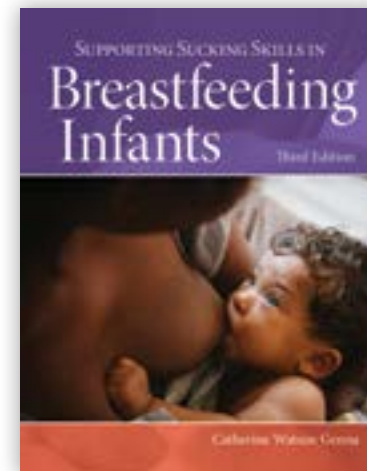

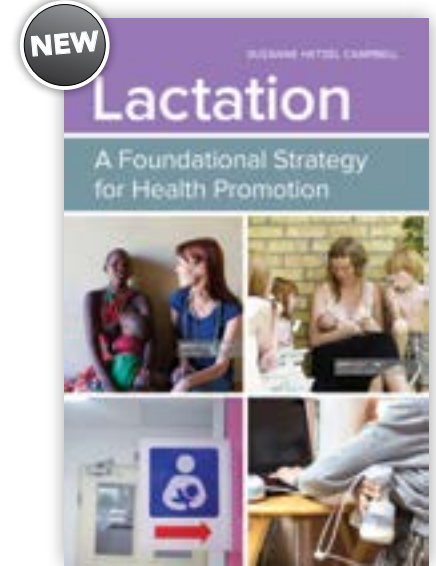

Available November 2020

<http://go.jblearning.com/Campbell>

*Lactation: A Foundational Strategy for Health Promotion* presents evidence-based research for lactation consultants and public health officials to promote healthy breastfeeding and lactation while showing respect and support for new parents in this venture. This unique resource takes a social-ecological perspective and uses a person-centered care framework to reflect lactation as a foundational health promotion strategy. It focuses on strategies, theory, interventions, and service delivery models, to make the case for lactation as foundational to global health. It includes international examples and practical means for practitioners to incorporate culturally sensitive holistic care within a therapeutic relational practice model.

Organized into 4 parts, the text uses evidence-based research to help readers promote healthy breastfeeding and lactation:

- Part 1: The Context and Foundations of Lactation as Health Promotion
- Part 2: Breastfeeding as Developmental Health Promotion
- Part 3: Globalization and Health Promotion
- Part 4: Lactation as Health Promotion Under Challenging Circumstances

## Supporting Sucking Skills in Breastfeeding Infants

THIRD EDITION

Catherine Watson Genna, BS, IBCLC

ISBN: 978-1-284-09391-9 | \$101.95\* | Paperback | 444 pages | © 2017

<http://go.jblearning.com/SSSBI>

"... should become part of the IBCLC preparatory canon."

—Karen Meade, BS, MA, RN, IBCLC, LCCE, CPST, Clinical Lactation

*Supporting Sucking Skills in Breastfeeding Infants, Third Edition*

is an essential resource for healthcare professionals working with new mothers and infants. Using a multidisciplinary approach, it incorporates the latest research on infant sucking and clinical strategies to assist infants with breastfeeding. With an emphasis on skills, it focuses on normal sucking function in addition to difficulties based in anatomical, cardiorespiratory, neurological, or prematurity issues.

- Explores new clinical strategies for facilitating breastfeeding, more conditions, and the latest guidelines
- Numerous photos make techniques and recommended strategies easier to understand and replicate

## Quick Reference for the Lactation Professional

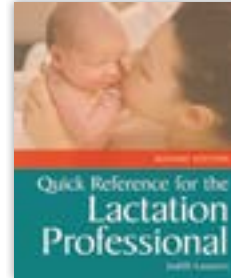

SECOND EDITION

Judith Lauwers, BA, IBCLC, FILCA

ISBN: 978-1-284-11197-2 | \$60.95\* | Paperback | 262 pages | © 2018

<http://go.jblearning.com/QRLP2>

**Quick Reference for the Lactation Professional, Second Edition** is an easy-to-use resource for healthcare professionals working with breastfeeding women and their families. An invaluable tool for clinicians, educators, students, and interns, each chapter includes clinical management strategies, key clinical competencies, and tutorials that test comprehension and clinical application with short answer questions and counselling scenarios. It incorporates inclusive language throughout to provide an equal and diverse approach to assisting breastfeeding families.

## Pocket Guide for Lactation Management

THIRD EDITION

Karin Cadwell, PhD, RN, FAAN, IBCLC, ANLC  
Cindy Turner-Maffei, MA, ALC, IBCLC

ISBN: 978-1-284-11120-0 | \$61.95\* | Spiral | 310 pages | © 2017

<http://go.jblearning.com/PGLM>

**Pocket Guide for Lactation Management, Third Edition** is an essential resource for new and experienced lactation care providers. Convenient and easy-to-use, it offers problem solving and counseling strategies for the wide-variety of situations commonly encountered by those working with child-bearing families. Topics include breastfeeding and public health, the Ten Steps to Successful Breastfeeding for hospitals and birth centers, normal breastfeeding, and addressing challenges from both the mother's and baby's perspective. The *Third Edition* includes new metric charts, updated growth expectations, new guidelines, the latest research, and an expanded glossary.

## Ten Steps to Successful Breastfeeding Online Course

Karin Cadwell, PhD, RN, FAAN, IBCLC, ANLC  
Cindy Turner-Maffei, MA, ALC, IBCLC

ISBN: 978-1-284-08202-9 | \$210.95\* (Individual Subscription) | © 2016

<http://tensteps.jblearning.com>

- Ideal for staff training
- Special pricing available for institutions on bulk orders

2020 YEAR OF THE  
**NURSE**  
& MIDWIFE

## Jones & Bartlett Learning Proudly Celebrates YOU!

The World Health Organization (WHO) has aptly named 2020 the Year of the Nurse and Midwife. We couldn't agree more and want to celebrate the nurses and midwives who care for us every day and are on the front lines fighting COVID-19.

We invite you to nominate a nurse or midwife that is making an impact. We'll share these stories and award up to five gift cards to the nominees per month as our way of saying 'thank you.'

Simply go to <http://go.jblearning.com/NominateNurseMidwife> and complete the form to nominate a nurse or midwife today!

Follow us for exclusive offers and updates and to join us in celebrating the amazing work and selfless care of nurses and midwives!
