Population Health Series

Series Editor: **Richard Riegelman**

Bring important population health issues into focus with JONES AND BARTLETT LEARNING'S new **Population Health Series** – a growing series of concise texts that address today's population health issues.

Population health is the emerging discipline that brings together public health, clinical health care, plus health administration and policy to improve the health of the population.

KEY FEATURES

- Concise length makes these manageable supplements for a variety of courses
- Affordable bundle option with any other Jones & Bartlett Learning text for an additional \$15
- Suitable for use across the health professions, including public health, health administration, nursing, and clinical health fields

For more information, visit: www.jblearning.com/populationhealth

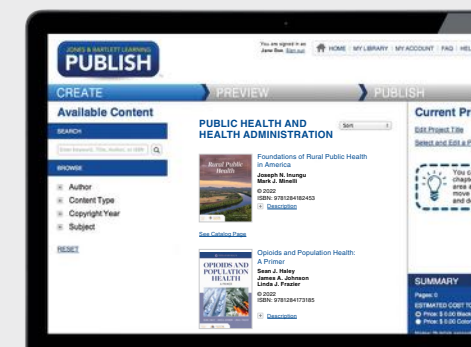

CREATE YOUR OWN CUSTOM COURSE MATERIALS

You know the material you want to teach. Why not customize it to your exact curriculum needs?

With **PUBLISH** from Jones & Bartlett Learning, you can quickly search and select content to create fully customized print or eBook editions.

PUBLISH Your Custom Course Content Today!

About **HALF** the Cost of a Standard Textbook!

Custom Course Materials in 3 Easy Steps:

- 1 CREATE**
Browse and select from the Jones & Bartlett Learning content library. Arrange in any order.
- 2 PREVIEW**
Upload your own materials, customize a full color cover, choose print or eBook, and preview.
- 3 PUBLISH**
Submit your completed project to your Jones & Bartlett Learning Account Manager for review and approval. We'll take care of the rest.
