

Be prepared with these gold-standard surgery resources

Anatomic Exposures in Vascular Surgery, 4th Edition

978-1-9751-5276-5

Featuring more than 550 full-color, 3-dimensional drawings of anatomic exposures, **Anatomic Exposures in Vascular Surgery, 4th Edition**, clearly and uniquely depicts the anatomy the vascular or general surgeon will see in the operating room.

Spear's Surgery of the Breast, 4th Edition

978-1-4963-9701-0

Definitive, detailed, and multidisciplinary in scope, **Surgery of the Breast: Principles and Art, Fourth Edition**, remains the most comprehensive "how-to" reference on today's breast surgery.

Mulholland & Greenfield's Surgery, 7th Edition

978-1-9751-4316-9

Newly streamlined and focused on quick-access, easy-to-digest content, **Mulholland and Greenfield's Surgery: Scientific Principles & Practice, 7th Edition**, remains an invaluable resource for today's residents and practicing surgeons.

Bridwell and DeWald's Textbook of Spinal Surgery, 4th Edition

78-1-4963-8648-9

Written by experts from around the world, the latest edition of this leading reference features contributions from both neurosurgeons and orthopaedic surgeons. Presenting the full scope of spinal surgery, chapters discuss anatomy, biomechanics, complications, instrumentation, preoperative and postoperative care, as well as other core topics for surgeons.

The Washington Manual of Surgery, 4th Edition

978-1-9751-2006-1

Written by teams of Washington University residents and faculty, **The Washington Manual® of Surgery, Eighth Edition**, focuses on the essential information you need to know, providing concise, high-yield content that covers the broad spectrum of patient care in general surgery. This bestselling manual is an excellent source of expert guidance for surgical residents, attendings, medical students, and others who provide care for patients with surgical disease.
